Forecast For Wales
Issued by Met Office Exeter
at 1600 on Thursday 07 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rather cloudy and breezy, with a little rain for some.

This Evening and Tonight:
Some lingering drizzle through the evening, especially around coasts and hills in the west. Otherwise a dry night with variable cloud cover. Fog patches possible later in the southeast. Very mild for most. Minimum temperature 11 deg C (52 deg F).

Friday:
Mostly dry and bright with sunny spells after the clearance of any morning mist and low cloud lifts. Feeling pleasant during the afternoon with some warm sunny spells developing. Maximum temperature 21 deg C (70 deg F).

Outlook for Saturday to Monday:
Generally cloudier with some patchy rain arriving during Saturday. Overnight patchy rain clearing southeastwards on Sunday, with brighter skies following. Cloud thickening again on Monday bring further patchy rain.
